

## F11 Introduction

The F11 from DR. COFFEE is the ideal coffee machine for small and medium sized places. The concise and strong look well matches with the ceramic grinders and the dual-mode brewing system inside. This counter-top coffee machine will bring you fantastic experience and tremendous surprises..

## F11 Key Features

- The pioneering brewing system can meet your need for both non-pressurized regular coffee and pressurized espresso.
- Two grinders with ceramic flat-type blades accurately grind the coffee beans into unified-size powder, bringing out the unique flavor of the coffee.
- The 7" touch panel is easy to use, direct and efficient, by which customized coffee is just at your fingertips.
- The combination of enlarged bean hopper, water tank and grounds container can easily cope with peak hour demand.
- Different ways of water supply and self-clean mechanism can deal with any occasions.

## F11 Options

- 4L fridge or the electronic refrigerator with 2L capacity
- Tap water connection or enlarged water tank
- Specific rampway unit for grounds auto-disposing
